## **BASSONIA ROCK ESTATE JUNE 2014 UPDATE**

[www.bassoniarockhoa.co.za](http://www.bassoniarockhoa.co.za)

### **BOUNDARY WALL ON WESTERN SIDE OF THE ENTRANCE TO THE ESTATE**

Three quotes for the rebuilding of the boundary wall have now been received. The lowest of these (R138.413) which includes tree felling, materials, re-establishment of the electric fence, rubble removal and labour has been accepted and, due to the precarious nature of the wall, it has been decided to proceed with the project.

The tree felling and stump removal will commence sometime during the week ending July 4, 2014 and immediately thereafter we will commence with the establishment of the foundations which will naturally be steel reinforced.

It is important for Members to know that the funds for this project will be sourced from the BRHOA Investment Account, the same account from which funds for the Guardhouse extension will be sourced. This means that this will have no effect on operational funds and will hence have no impact on monthly levies.

We are happy to report that the financial status of the BRHOA remains extremely sound enabling the fulfilment of projects such as this one without placing undue financial stress on Members.

This project, together with a few others, will be discussed and ratified at the AGM which is scheduled for August 5, 2014.
